

AGM 9th November 2011

The AGM was a wonderful success this year. Residents, Councillors and Board of Directors were treated to the history of the One 4 All community Hub dating right back to 1302 and presented with a slide show based on an old children's favourite Noggin the Nog which told of the big society and the way the economy is today including how it affects community based projects, particularly the Voluntary sector.

After two great speakers, we welcomed 3 new members to the Board of Directors. The afternoon was then rounded off with a gathering in the snug for refreshments and a bite to eat.
