

One 4 All Launch

An event was held in our new building, formerly Herdings Youth Centre, on Thursday 22nd September 2011. The event was to launch the new name and our offices “One 4 All”.

Herdings Youth Centre suffered extensive damage from two arson attacks back in 2007. The building has been rebuilt and refurbished throughout. We took on the lease of the building in August 2011.

Many people turned up and took part in various activities that were on offer, including Chairobics and Zumba.

Maurice Collin, Chair of our Board of Directors, gave an opening speech and detailed our plans for the wider community and future use of the building.

The name, One 4 All, was designed and decided on by consultation with young people, staff, partners and community members.

Many of the people who turned up were amazed at the changes to the building and liked the new facility.
